LCH would like to inform you that RepoClear is in the process of aligning the functionalities across LCH Ltd and LCH SA in the RepoCalc margin simulation platform.

We are aiming for the full alignment of functionality to be complete by early 2022 and LCH will provide further updates on the changes to RepoCalc within each CCP in due course. Members will be given an opportunity to test the changes and testing timelines will be communicated.

Access to existing RepoCalc tools will remain unchanged for the remainder of 2021.
