Company number: 692 032 485

LCH SA

MANAGEMENT REPORT
FOR THE YEAR ENDED
31 DECEMBER 2018

Report on the corporate governance pursuant to articles L.225-37 and seq. of the French commercial code

Pursuant to articles L.225-37 and seq of the French commercial code, LCH SA shall establish a report on the company's governance which mentions (i) the list of each director's directorships in other companies; (ii) the regulated agreements approved in accordance with article L.225-38 of the French commercial code and (iii) the delegations granted by the general meeting of shareholders to the Board of directors in respect of capital increase.

It shall be noted that the functions of Chief Executive Officer and President of the Board of directors are separate, in accordance with article L511-58 of the French Monetary and Financial code.

This information is set out in the following sections:

Agreements regulated by Article L.225-38 of the French Code of Commerce

In the framework of the implementation of the transfer pricing policy, the ‘Framework Intragroup – Services Agreement’ between LCH SA, LCH Group Limited and LCH Limited, approved by the Board of directors on 28 November 2006, is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce.

The agreement stipulates the legal and financial principles applicable to the provision of IT and other services by a company to either one of the Group’s entities.

The Amendment of the CEO’s employment agreement between LCH SA and its Chief Executive Officer, approved by the Board of directors on 8 October 2015 and by the General Meeting of shareholders on 9 March 2016, is considered to be a regulated agreement in the scope of article L-225-38 of the French Code of Commerce.

Pursuant to the terms of this amendment, the termination notice has been extended and a six months non compete and non solicitation clause has been added. The amendment was deemed in the best interest of the Company.

The 'Assignment and License Agreement' entered into on 30 November 2016 between LCH.Clearnet Luxembourg S.à.r.l., LCH Limited and LCH SA, approved by the Board of directors on 8 October 2015 and by the General Meeting of shareholders on 9 March 2016, is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce.

The purpose of this agreement was the transfer of assets of LCH.Clearnet Luxembourg S.à.r.l. between LCH SA and LCH Limited.

In addition, LCH SA was granted with a perpetual royalty free license to use the shared FICS software.

The 'Cash Clearing Agreement' entered into on 22 January 2013 between LCH Group Limited, Euronext Brussels S.A. / N.V, Euronext Amsterdam N.V, Euronext Paris S.A., Euronext Lisbon – Sociedade Gestorade de Mercados Regulamentados S.A, Liffe Administration and Management and LCH SA, approved by the General Meeting of shareholders on 23 March 2018 (following the entry of Euronext NV in LCH SA's capital as minority shareholder), is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce. This agreement is subject to four amendments, which were concluded respectively on 21 March 2014, 14 December 2016, 7 August 2017 and 3 January 2018.

Since Euronext took stakes in LCH SA equity, this agreement regulated by article L.225-38 of the French Code of Commerce, was approved by the shareholders' meeting on 23rd March 2018.

This agreement sets out the legal and governance framework governing the Clearing Services for cash equities transactions provided by LCH SA to Euronext.

In the framework of renewal of the Euronext Derivative Clearing Agreement, the 'Euronext Derivative Clearing Agreement and Share Exchange Term Sheet', entered into on 7 August 2017 between LCH Group Ltd, LCH SA, LSEG Plc and Euronext Paris SA, Euronext Brussels S.A./N.V., Euronext Amsterdam N.V., Euronext Lisbon - Sociedade Gestorade de Mercados Regulamentados S.A, approved by the Board of directors on 7 August 2017, is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce.

The purpose of the Term Sheet agreement is to set out legal and financial principles governing the renewal of the Clearing Services Agreement for derivatives transactions between LCH SA and Euronext, and to amend the Clearing Services Agreement for cash equities transactions between LCH SA and Euronext.

The 'Derivatives Clearing Agreement' entered into on 31 October 2017 between Euronext, LCH Group and LCH SA, and approved by the Board of directors on 30 October 2017, is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce.

This agreement sets out the new legal, financial and governance framework governing the Clearing Services Agreement for derivatives transactions between LCH SA and Euronext.

The 'Shareholders' Agreement' entered into on 29 December 2017 between Euronext N.V., LSEG, LCH Group and LCH SA, and approved by the Board of directors on 29 December 2017, is considered to be a regulated agreement falling within the scope of Article L.225-38 of the French Code of Commerce.

This agreement governs the relations between shareholders of LCH SA and provides details over the rights granted to Euronext as minority shareholder of LCH SA.

All existing related party agreements remaining in full force in 2018 were reviewed by the Board of Directors on 6 December 2018, in accordance with Article L225-40-1 of the French Commercial Code.

There has not been any related party agreement, falling within the scope of Article L.225-38 of the French Code of Commerce, entered into during the 2018 financial year.

Current agreement - Article L.225-39 of the French Code of Commerce

The following agreements are considered to be current agreements falling within the scope of Article L.225-39 of the French Code of Commerce:

I. Euronext Collateral Inventory Management Services Agreement dated 21 March 2017 with Euronext Paris SA (relating to dematerialisation of storage certificates in the framework of futures contracts on commodities);

II. Agency Agreement with LCH Ltd dated 7 July 2017 (relating to the representation of LCH SA by LCH Ltd in London for the service of process);

III. IT Infrastructure Order Form for 2017 entered into pursuant to the Technology Services Agreement ("TSA") between LCH SA and LSEG Business Services Limited ("BSL") on 6 June 2017, with a commencement date on 1 January 2017, and superseding Order Forms Day 1 (1 January 2016) and Day 2 (1 April 2016) ;

IV. Project Order Form entered into pursuant to the TSA between LCH SA and BSL on 19 October 2017, with a commencement date on 13 July 2017, relating to the Triumph Project.

There has not been any current agreement, falling within the scope of Article L.225-39 of the French Code of Commerce, entered into during the 2018 financial year.

Delegations granted by the general meeting of shareholders to the Board of directors in respect of capital increase

There has not been any such delegation granted by the General meeting of shareholders to the Board of directors within LCH SA for the year-end 2018.

Scope of the Company

In addition to Paris, three entities compose the social scope of LCH SA : Amsterdam, Brussels and Porto. Amsterdam and Brussels are branches and Porto is a representative desk.

Capital Management

The Company's approach to capital management is to maintain a strong capital base that will support the development of the business, meet regulatory requirements at all times and maintain good credit ratings. This is managed with reference to external capital requirements, including a consideration of future impacts of LCH Capital plans are included within the Company's medium-term financial plan which is presented to the Board annually. The capital plans take into account current and future regulatory requirements and the development of the Company's business. The Company monitors capital resources in relation to its capital requirements.

LCH SA is considered a Qualifying Central Counterparty (QCCP) under the European Capital Requirements Regulations (CRR) as it has received authorisation under European Market Infrastructure Regulations (EMIR). The Company is registered as a Derivatives Clearing Organization (DCO) in the USA affording QCCP status for USA members.

LCH SA is regulated as a credit institution by the ACPR and as a CCP and an investment service provider by l'Autorité des marchés financiers (AMF) in Paris, France. It is subject to standard capital adequacy rules under EMIR and Basel III. It is also regulated by the CFTC as a DCO in the USA. The US Securities and Exchange Commission (SEC) has approved an application by LCH's CDSClear unit for registration as a clearing agency. The authorisation, granted on December 29, 2016, allows LCH to begin clearing single-name credit default swap (CDS) contracts for US clients.

LCH SA is subject to capital adequacy rules under EMIR. Since December 2013, it is also regulated by the CFTC's

Subpart C rules.

- The Company has fully complied with its externally imposed capital requirements in the year.

In particular, it is required to ensure that its EMIR capital requirement is met by both its capital and audited reserves and adjusted liquid financial resources.

Basel III

In accordance with Basel III Pillar 1 framework, the Company is required to maintain ratio of capital to risk weighted assets that cannot fall under a threshold of 4.5% of core equity, 6% of Tier 1 capital, 1. 875% of capital conservation buffer and 9.875% of total capital.

Return on assets - Article R511-16-1 du Code monétaire et financier

Pursuant to article 90 of CRD IV transposed by article R511-16-1 of Code monétaire et financier, return on assets of the Company as of 31 December 2018 is 0.011% (2017: 0.013%).

Proposed appropriation of net profit

LCH SA Board of Directors proposes to allocate the total of 2018 profit of €46.0 million as following:

	€'m
Allocation of 2018 earnings	
Allocation to Legal Reserves	-
Allocation of Other Reserves	-
Allocation to Retained Earnings	-
Dividends	46.0
	46.0

Dividend payments for the past three financial years were as follows:

- for 2015: €18 million corresponding to €2.43 per share
- for 2016: €40 million corresponding to €5.39 per share
- for 2017: €44 million corresponding to €5.93 per share

Distributable reserves are as follows:

	€'m
Distributable reserves	
Profit for the period	46.0
Other reserves	32.6
Profit carried forward	119.7
	198.2

Banque Centrale de Compensation SA (trading as LCH SA) acts as the clearing house for Listed Derivatives and Cash Equities traded in regulated markets in France, the Netherlands, Belgium and Portugal, for Fixed income products and Credit Default Swaps (CDS) traded either on regulated markets or trading platforms located in France, UK, Belgium, US and Italy.

LCH SA is part of the LCH Group, a leading multi-national clearing house. The Group provides services to mitigate counterparty risk across multiple asset classes for clearing members and their clients, operating through an open access model that clears for major exchanges and platforms as well as ranged over-the-counter (OTC) markets.

As a CCP, LCH SA sits in the middle of a trade as the buyer to every seller and the seller to every buyer. If either party defaults on the trade, LCH SA owns the defaulter's risk and becomes accountable for its liabilities. During the life of a trade, or that of a portfolio of trades, the CCP processes all cash flows and marks the trade or book to market, calling variation and initial margin in relation to prevailing risk of the overall portfolio.

LCH earns its revenue in the OTC derivatives markets by charging members either an annual fee for all clearing or a lower annual fee with variable fee based on volume, additional fees are levied for new services such as compression. Clients pay a fee based on OTC volume cleared. In non-OTC markets all users pay a fee based on volumes cleared. Net treasury income is earnt on cash and securities held for margin and default funds.

Key performance indicators

Financial and non-financial key performance indicators utilised by the directors to measure LCH SA's progress are as follows:

	2018	2017	Variation
CDSClear			
CDSClear members	16	13	23%
Notional cleared (€ billion)	612.6	553.0	11%
Fixed Income			
Notional cleared (€ trillion)	53.8	48.2	12%
Cash Equities and Listed Derivatives			
Number of derivatives contracts cleared (million) - single counted	163.5	151.8	8%
Cash Equities trades cleared (million) - single counted	233.2	243.9	-4%
Treasury investment			
Average cash collateral (€ billion)	20.1	18.0	11%

Accounts payable and Accounts receivable

As of 31 December 2018, amounts payable to suppliers totalled €15.2 million (2017: €11.0 million) and were all due within three months. LCH SA settled the invoices with an average of one month. Non-resident suppliers were €1.2 million (2017: €2.3 million).

As of 31 December 2018, amounts receivable from customers totalled €13.8 million (2017: €10.4 million) and were all due within one month. Of this, non-resident customers were €9.2 million (2016: €7.3 million).

Other intangible assets

Annual impairment testing is carried out on other intangible assets in relation to the acquisition of branches in Amsterdam, Brussels and Porto and the related cash generating units. The recoverable amount associated with these branches is determined based on value in use calculation.

Highlights of the year

CDSClear

CDSClear clears the broadest set of credit default swaps (CDS) across both European and US underlyings with all the inherent netting benefits from being under the same risk framework. Close to 100 credit indices and 500 single names including CDS referencing Banks are eligible for clearing, many of which are uniquely available at CDSClear.

CDSClear is dual registered in Europe (EMIR authorized) and in the US (registered as a Derivative Clearing Organization with the CFTC and as a Clearing Agency with the SEC), which allows it to act for members and clients both in the US and Europe.

CDSClear membership counts 16 members (2017: 13) following the introduction of the new Select Membership tier. The notional cleared increased by 11 per cent to € 612.2 billion (2017: €553.0 billion). Total clearing fee revenue for the year was €22.1 million (2017: €19.9 million). This increase reflects the move of a General Member to the introductory tariff from the unlimited tariff as well as the impact of a rebate granted to clearing brokers.

Fixed Income

LCH SA delivered a good performance in repo and cash bond markets; clearing €53.8 trillion in the last year (2017: €48.2 trillion), across 5 European government markets. Records hit several times in 2018 on the main three debts: French, Italian and Spanish ones. Total clearing fee revenue for the year was €36.0 million (2017: €29.3 million) and the total of margins was higher and over the budget reflecting strong activity.

As part of the expansion of SA RepoClear in order to become the leading CCP in € Repo, two new segments were successfully launched in 2018: German and Belgium debts. In order to enhance member netting opportunities, these two new segments have complemented the clearing of French, Spanish and Italian markets.

The volumes in SA RepoClear, which are the largest ever, are especially relevant as we connect more EUR debt markets to LCH.SA, creating an ever increasing pool of potential netting opportunities.

Listed Derivatives and Cash Equities

The various Listed Derivatives venues cleared by LCH include Euronext Derivatives Markets. Contracts cleared in 2018 increased by 8% to 165.5 million (2017: 151.8 million). Partnering with Euronext, LCH expanded index futures and options and new commodities products (wood pellets, fertilizers …).

In Equities, LCH provides clearing services for cash equity products and for a set of trade venues including Euronext, Equiduct and Bourse du Luxembourg. Trades cleared in 2018 decreased by 4% to 233.2 million (2017: 243.9 million).

Clearing revenue in 2018 decreased by €6.1 million to €61.6 million (2017: €67.7 million).

Net interest and related income

Net interest and related income is the result of interest earned on cash assets lodged with the clearing house, on margin and default funds. Users of LCH post cash and receive an overnight interest rate less an agreed spread. The level of funds held is primarily driven by volumes cleared and volatility in the market. Income is also driven by short-term interest rates in the Euro money market.

Average cash collateral held increased by 11.6% to €20.0 billion (2017: €18 billion). Total net interest and related income for 2018 increased to €45.1 million (2017: €42.8 million) reflecting the higher cash collateral level.

General operating expenses

Operating expenses have decreased by 10% to €77.2 million (2017: €86.7 million)

Oracle Financials Migration

LCH SA migrated to Group's ERP Oracle Financials on 1st January 2018 after LCH Group Ltd switched in 2017. Changing financial ledger has structural impacts on Finance processes and risks associated. Oracle Financials embedded rigorous security routine that allows reinforcing Finance processes and integrated modules to serve all Finance needs such as:

- Accounting under IFRS and French Gaap - GL
- Fees billing - AR module
- Vendor invoices : AP module
- T&E : iExpenses
- Purchasing : iProcurement
- Clearing and investment transactions : FAH module
- Fixed Assets booking : FA module
- Intercompany transactions : AGIS module
- Bank reconciliation : Cash Management module.

The former accounting system Arcole have been turned off since 31/12/2017 and hold for access to historic data

Brexit

On 19 December 2018, the European Commission formally adopted its implementing decision which, in a no deal scenario, will grant temporary equivalence to the UK and allows ESMA to provide third country recognition for UK CCPs immediately after the UK's withdrawal on 29 March 2019. LCH Limited has prepared an application under EMIR Article 25 and is engaging with ESMA on preparatory work to achieve third country recognition. The Bank of England has already accepted a formal application from LCH SA for recognition as a non-UK CCP in the UK which is condition for entry into the UK's temporary recognition regime.

For LCH SA, the impact on business are complex to evaluate. The clearing activity of Euro debts have begun to be transferred in 2018 with Belgian and German debts and will be finalized in March 2019. From a tax perspective, LCH SA would not suffer at this stage adverse tax consequences from the Brexit.

Atos

LCH SA and the ATOS group entered into a new Heads of Terms concerning the five year IT service contract, effective from January 2014. This extends the contract until December 2023, with a right to terminate from January 2022. The estimated maximum value of the commitment to January 2022 is €40.29 million from 1st of January 2019 (2019: Until 2023, €48.29 million)

Strategic objectives

The Company's strategic objectives are:

- to provide robust risk management services to members and clients
- to deliver world class clearing services
- to partner with the markets we serve

The strategy for achieving these objectives is to maintain a sound risk management approach across all asset classes cleared and to work closely with market participants to develop and deliver new services.

Research and Development activities

The Company qualifies for Government assistance in the form of crédit d'impôt recherche (CIR) (a research and development tax credit).

The grant is received as a reduction of the tax expense in the year following that in which the expenditure was incurred. A reduction to the tax charge for the year ended 31 December 2018 of €0.3 million has been recognised as the amount due under this initiative from 2017. The amount receivable of €0.1 million for 2018 is included within other receivables (2017: €0.3 million) and will be recognized in 2018.

The grant is subject to potential tax audit to ensure the eligibility of the expenses claimed. No provision has been made for any potential refund of the amounts receivable as this is deemed highly unlikely.

Significant events which occurred since the date of the financial statements

None.

Financial Statements and disclosures reset

LCH SA decided to review the frame of its stand-alone financial prepared under French Gaap.

In the context of Oracle migration, LCH SA started a deep review of the framework of its financial statements in order to converge through the most common financial statements framework for a French Banking institution. Changing the framework of financial statements and disclosures are authorized under French Gaap if such a change offers a better presentation of the financial statements. This change is much more adequate with the financial activity and helps the convergence with regulatory framework.

Perspectives

Base case business plan presented to the Board in November 2018 is a step change in ambition and growth with an increase in AOP and margin over next 3 years.

This growing performance is driven by both solid top line growth and ambitious cost reduction. Strong AOP performance with margin increasing 38% to 47% (2019 – 2021).

Five year financial summary

This increase reflects the move of a General Member to the introductory tariff from the unlimited tariff as well as the impact of a rebate granted to clearing brokers.

Fixed Income

LCH SA delivered a good performance in repo and cash bond markets; clearing €53.8 trillion in the last year (2017: €48.2 trillion), across 5 European government markets. Records hit several times in 2018 on the main three debts: French, Italian and Spanish ones. Total clearing fee revenue for the year was €36.0 million (2017: €29.3 million) and the total of margins was higher and over the budget reflecting strong activity.

As part of the expansion of SA RepoClear in order to become the leading CCP in € Repo, two new segments were successfully launched in 2018: German and Belgium debts. In order to enhance member netting opportunities, these two new segments have complemented the clearing of French, Spanish and Italian markets.

The volumes in SA RepoClear, which are the largest ever, are especially relevant as we connect more EUR debt markets to LCH.SA, creating an ever increasing pool of potential netting opportunities.

Listed Derivatives and Cash Equities

The various Listed Derivatives venues cleared by LCH include Euronext Derivatives Markets. Contracts cleared in 2018 increased by 8% to 165.5 million (2017: 151.8 million). Partnering with Euronext, LCH expanded index futures and options and new commodities products (wood pellets, fertilizers …).

In Equities, LCH provides clearing services for cash equity products and for a set of trade venues including Euronext, Equiduct and Bourse du Luxembourg. Trades cleared in 2018 decreased by 4% to 233.2 million (2017: 243.9 million).

Clearing revenue in 2018 decreased by €6.1 million to €61.6 million (2017: €67.7 million).

Net interest and related income

Net interest and related income is the result of interest earned on cash assets lodged with the clearing house, on margin and default funds. Users of LCH post cash and receive an overnight interest rate less an agreed spread. The level of funds held is primarily driven by volumes cleared and volatility in the market. Income is also driven by short-term interest rates in the Euro money market.

Average cash collateral held increased by 11.6% to €20.0 billion (2017: €18 billion). Total net interest and related income for 2018 increased to €45.1 million (2017: €42.8 million) reflecting the higher cash collateral level.

General operating expenses

Operating expenses have decreased by 10% to €77.2 million (2017: €86.7 million)

Oracle Financials Migration

LCH SA migrated to Group's ERP Oracle Financials on 1st January 2018 after LCH Group Ltd switched in 2017. Changing financial ledger has structural impacts on Finance processes and risks associated. Oracle Financials embedded rigorous security routine that allows reinforcing Finance processes and integrated modules to serve all Finance needs such as:

- Accounting under IFRS and French Gaap - GL
- Fees billing - AR module
- Vendor invoices : AP module
- T&E : iExpenses
- Purchasing : iProcurement
- Clearing and investment transactions : FAH module
- Fixed Assets booking : FA module
- Intercompany transactions : AGIS module
- Bank reconciliation : Cash Management module.

The former accounting system Arcole have been turned off since 31/12/2017 and hold for access to historic data

Brexit

On 19 December 2018, the European Commission formally adopted its implementing decision which, in a no deal scenario, will grant temporary equivalence to the UK and allows ESMA to provide third country recognition for UK CCPs immediately after the UK's withdrawal on 29 March 2019. LCH Limited has prepared an application under EMIR Article 25 and is engaging with ESMA on preparatory work to achieve third country recognition. The Bank of England has already accepted a formal application from LCH SA for recognition as a non-UK CCP in the UK which is condition for entry into the UK's temporary recognition regime.

For LCH SA, the impact on business are complex to evaluate. The clearing activity of Euro debts have begun to be transferred in 2018 with Belgian and German debts and will be finalized in March 2019. From a tax perspective, LCH SA would not suffer at this stage adverse tax consequences from the Brexit.

Atos

LCH SA and the ATOS group entered into a new Heads of Terms concerning the five year IT service contract, effective from January 2014. This extends the contract until December 2023, with a right to terminate from January 2022. The estimated maximum value of the commitment to January 2022 is €40.29 million from 1st of January 2019 (2019: Until 2023, €48.29 million)

Strategic objectives

The Company's strategic objectives are:

- to provide robust risk management services to members and clients
- to deliver world class clearing services
- to partner with the markets we serve

The strategy for achieving these objectives is to maintain a sound risk management approach across all asset classes cleared and to work closely with market participants to develop and deliver new services.

Research and Development activities

The Company qualifies for Government assistance in the form of crédit d'impôt recherche (CIR) (a research and development tax credit).

The grant is received as a reduction of the tax expense in the year following that in which the expenditure was incurred. A reduction to the tax charge for the year ended 31 December 2018 of €0.3 million has been recognised as the amount due under this initiative from 2017. The amount receivable of €0.1 million for 2018 is included within other receivables (2017: €0.3 million) and will be recognized in 2018.

The grant is subject to potential tax audit to ensure the eligibility of the expenses claimed. No provision has been made for any potential refund of the amounts receivable as this is deemed highly unlikely.

Significant events which occurred since the date of the financial statements

None.

Financial Statements and disclosures reset

LCH SA decided to review the frame of its stand-alone financial prepared under French Gaap.

In the context of Oracle migration, LCH SA started a deep review of the framework of its financial statements in order to converge through the most common financial statements framework for a French Banking institution. Changing the framework of financial statements and disclosures are authorized under French Gaap if such a change offers a better presentation of the financial statements. This change is much more adequate with the financial activity and helps the convergence with regulatory framework.

Perspectives

Base case business plan presented to the Board in November 2018 is a step change in ambition and growth with an increase in AOP and margin over next 3 years.

This growing performance is driven by both solid top line growth and ambitious cost reduction. Strong AOP performance with margin increasing 38% to 47% (2019 – 2021).

Presentation of the financial statements

As a financial institution, Banque Centrale de Compensation (BCC), which trades under the business name LCH SA, is required to prepare and publish annual financial statements (balance sheet, off-balance sheet and income statement) in accordance with the articles ANC 2014-07 §1111-1 to 1124-61 and §3111-1 to 3111-5 from The French Accounting Standards Setter ("Autorité des Normes Comptables").

Financial statements for the year ended December 31, 2017, the income statement, balance sheet and off-balance sheet were presented in a manner very similar to that used by service providers subject to the provisions of the French statutory chart of accounts ("Plan Comptable Général"). Specific tables were disclosed in the notes to the financial statements so as to translate presentation into a banking chart of accounts presentation in respect of ANC 2014-07.

LCH SA decided to change its presentation methodology in the financial statements for the year-ended December 31, 2018. The new presentation for income statement, balance sheet, off balance sheet and related notes are now presented according to ANC 2014-07 and in line with the Banking Chart of accounts. This change offers a better presentation of the financial statements and is more adequate with the financial activity of LCH SA. Transformation table between prior year presentation and banking presentation is disclosed in in paragraph “Changes in Accounting Presentation of Financial Statements”.

Since the merger of the Amsterdam and Brussels clearing houses within LCH SA on 1 February 2001 and the corresponding creation of two new branches in Amsterdam and Brussels, (*Banque Centrale de Compensation Amsterdam* and *Banque Centrale de Compensation Bruxelles*), the accounts of these two branches have been integrated into those of LCH SA. In addition, LCH SA’s accounting perimeter includes the activity of an establishment based in Porto after the acquisition from NYSE Euronext of the Portuguese clearing house on 15 July 2003.

The management accounting presentation of the balance sheet and income statement includes the following specific features:

Balance sheet

In view of their size, the assets and liabilities related to Banque Centrale de Compensation’s clearing house activity and its treasury management operations are shown separately, with a detailed analysis of each item provided in the notes to the financial statements.

Repo transactions on the OTC market have been presented on a non-offset basis. The amount on the asset side represents the cash loans for which securities were received under reverse repos; the amount on the liabilities side represents the cash borrowing for which securities were delivered under repos..Repos and reverse repos which have been traded but not yet settled are recorded as commitments in Off Balance Sheet. LCH SA retains a commitment to full and secure completion in respect of both lender and borrower.

Commitments relating to clearing operations are transferred to the balance sheet on effective date of settlement. If fail to deliver occurs at that date, clearing operations appear and remain in adjustment accounts on the balance sheet until the effective settlement date.

Off-balance sheet commitments

Commitments relating to clearing operations have been separated from commercial commitments and cash management commitments.

The information given in the financial statements carries the following notes, which are presented in accordance with the above-mentioned ANC 2014-07 §1111-1 to 1124-61 and §3111-1 to 3111-5, include all material information required to give a true and fair view of Banque Centrale de Compensation’s assets, liabilities, financial position, exposure and profit and loss.

Accounting policies and principles

The financial statements have been prepared and presented in accordance with accounting principles applicable to banks in France and complies with the provision of regulation 2014-07 of ANC, the French Accounting Standards Board.

The main accounting policies and valuation methods applied are detailed below.

Fixed assets, amortisation and depreciation

Fixed assets are recorded at acquisition cost excluding deductible value-added tax (VAT).

IT development costs are recognised on the balance sheet in accordance with principles stated in the ANC 2014-03. Self-developed software is recorded based on direct costs of development which include mostly man-days costs related to the stages from technical specifications to testing.

Fixed assets are depreciated on a straight line basis, based on their anticipated useful lives, which are as follows:

Self-developed software	3 to 5 years
Computer equipment	3 years
Furniture	10 years
Leaseholds improvements	10 years
Office equipment	3 to 5 years
Other intangible assets	3 to 5 years

Impairment of intangible assets and property, plant and equipment

The intangible assets in the course of development are subject to an annual impairment review or a more frequent review if there are events or changes in circumstances that indicate that the carrying amount of the asset may not be fully recoverable. Property, plant and equipment are subject to an impairment review if there are events or changes in circumstances that indicate that the carrying amount of the fixed asset may not be fully recoverable.

For the purpose of impairment testing, intangible assets are allocated to cash generating units monitored by management, usually at statutory company level. The impairment review involves a comparison of the carrying amount of the intangible asset allocated to the related cash generating units, with its recoverable amount, which is the higher of fair value less costs to sell and value in use. Fair value less costs to sell is calculated by reference to the amount at which the asset could be disposed of less the costs associated with the sale.

Value in use is calculated by discounting the expected future cash flows obtainable as a result of the assets continued use, including those resulting from its ultimate disposal, at a market based discount rate on a pre-tax basis. The carrying values of intangible assets or property, plant and equipment are written down by the amount of any impairment and this loss is recognised in the income statement in the year in which it occurs.

The carrying amount of intangible assets allocated to a cash generating unit is taken into account when determining the gain or loss on disposal of the unit.

Long-term equity investment

Long-term assets are recorded at their nominal value and impairments are recognised if their value in use decreases below their book value.

Accounts receivable and payable

Accounts receivable and payable are stated at cost and have initial maturities of less than one month.

Provisions for doubtful debts are determined on an individual basis and are recorded as direct reductions in the value of the related receivables.

Held-for-sale securities

Investment securities held as at 31 December 2018 are cash management instruments, recognised and valued under Lower of Cost or Market (LOCOM) methodology in accordance with ANC 2014-07 §1111-1 to 1124-61 and §3111-1 to 3111-5.

Transactions with Clearing Members

Transactions with Clearing Members are valued according the day to day market valuation as settled to Members via the Variation Margins. The positions in Balance Sheet reflects exactly what are due to or from Members for their clearing activity.

- Repos and reverse repos are now specifically identified in assets and liabilities in phase with the PCEC.
- Repos and reverse repos with Clearing Members are valued at fair value. No off setting is applied.
- Derivatives are valued at fair valued.

Financial derivative instruments

In accordance with European Market Infrastructure Regulation, the company neither holds nor issues derivatives for proprietary trading.

Reserve for general banking risks

As permitted under regulation CRBF 90.02 of the French Committee for Banking and Financial Regulations, LCH SA has allocated amounts to a 'Reserve for General Banking Risks' to cover general risks inherent to its activity.

Provisions

In accordance with ANC 2014-03, LCH SA recognises a provision as a liability on its balance sheet when it considers that an event creates an obligation in respect of a third party that might lead to the outflow of economic resources to that third party in order to settle the obligation without any corresponding inflow of proportional value.

LCH SA therefore allocates provisions to cover its commercial risks, measures its pension commitments under defined benefit pension plans using the "preferential" method (projected credit unit method), recognising the provisions for the resulting employee benefit commitments as liabilities on its balance sheet.

Provisions for employee benefit commitments have been calculated by an independent actuary based on changes in headcount (turnover, seniority) and are calculated in accordance with the projected credit unit methodology. They comprise commitments for retirement and jubilee award.

In the normal course of business, LCH SA receives legal claims in respect of commercial, employment and other matters. Where a claim is more likely than not to result in an economic outflow of benefits from LCH SA (and is measurable), a provision is made representing the expected cost of settling such claims.

Share-based compensation

The Company operates share-based compensation plans for employees, settled in shares of the ultimate parent company, London Stock Exchange Group plc. The charge to the income statement is determined by the fair value of the options granted or shares awarded at the date of the grant as an indirect measure of the value of employee services received by the Company and recognised over the relevant vesting period.

The share-based compensation plans are accounted for as equity settled. The Company does record a cost for these transactions, representative of the fact that the Company has received a capital contribution from London Stock Exchange Group Plc which has been spent on share-based compensation, with the corresponding credit recorded in equity. A debit will then also be recorded in equity and an intercompany payable recorded reflecting the Group's investment.

Extraordinary result

The extraordinary result includes income and expenses before tax which are generated or booked on an exceptional basis and are not derived from the company's ordinary activities (ANC 2014-07).

Changes in accounting presentation of financial statements

Transformation between presentation disclosed for the year-ended December 31, 2017 is as follows:

i) Transferring Net Finance income in the interest margin within Net Banking Revenue
ii) Transferring fee income and expense in the commission margin within Net Banking Revenue
iii) Transferring securities premium from Net Finance Income to Gains and Losses on investment portfolio within Net Banking revenue
iv) Transferring "Movement in Profit sharing liabilities towards" employees and "Taxes" to "General Operating expenses"

Transformation between presentation disclosed for the year-ended December 31, 2017 primarily consists in further breaking down of Clearing House Accounts and is as follows:

i) Separating presentation of “Securities under resale agreement” on the face of the balance sheet
ii) Transferring Cash collateral given and received from “Clearing House accounts” to “Other Assets”
iii) Breaking down other “Clearing house accounts”, receivables/payables and prepayments/accruals into “Other assets”/”Other Liabilities” and “Assets related to clearing operations”/”Liabilities related to clearing operations”
iv) Separating Cash and debt with Central bank, credit institutions and other financial institutions on the face of the balance sheet

The Off Balance Sheet was not impacted by the transformation.

1. Interest and related income/(expenses)

	2018 €'m	2017 €'m Restated
Interest on debit bank accounts	-	-
Margin interest	139.5	128.8
Interest and related income	**139.5**	**128.8**
Interest payable to Central bank	(82.3)	(73.2)
Interest on credit bank accounts	(0.0)	(0.0)
Interest on other collateral	(12.0)	(12.7)
Interest and related expenses	**(94.4)**	**(85.9)**
Net interest and related income/(expenses)	**45.1**	**42.8**

In 2018, the net interest and related income/(expenses) has increased to €45.1 million (2017: €42.8 million) mainly driven by the expansion of the cash collateral volume collected from the members.

2. Commissions

	2018 €'m	2017 €'m Restated
Cash equities	20.0	29.5
Derivatives	41.6	38.3
Fixed Income	36.0	29.3
CDS	22.1	19.9
Total Clearing fees	119.8	117.0
Sale of other product and services	19.5	20.9
Connectivity fees	3.3	3.3
Non cash collateral fees	10.9	10.7
Commissions received	**153.5**	**151.9**
Settlement fees and bank fees	(7.0)	(7.1)
Commissions paid	**(7.0)**	**(7.1)**

On **Cash Equities**, the posted clearing revenue was 32% under 2017 due to the new tariff reduction applied on the Bluechips fee grid as October 2017.

On **Derivatives markets** (indices and commodities), revenue increased by 9% in 2018 at €41.6 million (2017: €38.3 million)

On **Fixed income markets** (government bonds and repos revenue increased by 23% compared to 2017. This is firstly due to a better performance on historic debts: the French debt (+25%), the Spanish debt (+25%) and the Italian debt (+10%). EuroGC+ remained stable at €0.2 million (2017: €0.3 million). The newly introduced German debt generated a revenue of €0.1 million in 2018, Belgian debt generated a revenue of €0.7 million in 2018.

On the **CDS market**, clearing revenue is made up of 10 members paying each an annual membership fee fixed at €2.0 million per member, 2 select members paying an annual membership fee of €0.25 million, 1 select member paying an annual membership fee of €0.45 million and 1 general introductory member paying an annual membership fee of €0.2 million and 5 Credit Index Option members paying each €0.15 million.

The sales of other product and services mainly comprise membership commissions and penalty fees recharged to clearing member.

Membership commissions (excluding period fees) remain stable €3.8 million (2017: €3.9 million) and are split as follows:

- €0.5 million in membership fees related to the French Derivatives market (2017: €0.5 million)
- €3.3 million in membership fees derived from the Cash Equities markets (2017: €3.4 million)

The non-cash collateral fees remain stable at €10.9 million (2017: €10.7 million).

Settlement costs recharged to clearing members and bank fees remain stable at €7.0 million (2017: €7.1 million).

3. Gains and (Losses) on investment portfolio

	2018 €'m	2017 €'m Restated
Interest accrued	**0.1**	-
Gains on investment portfolio	**0.1**	**0.0**
Interest Paid out on Securities	**(0.4)**	(1.4)
Losses on investment portfolio	**(0.4)**	**(1.4)**

4. Other income/(Other expense) on banking transactions

	2018 €'m	2017 €'m Restated
Recharges to Group companies*	**-**	4.2
Other banking income	**-**	**4.2**
Revenue share with Euronext	**(27.0)**	(23.9)
CDS profit share	**(3.3)**	(0.2)
Revenue and profit share	**(30.3)**	**(24.1)**
Other banking expense	**(30.3)**	**(24.1)**

*such recharges have been reclassified into general operating expenses in 2018 (mostly IT costs).

Amounts included in the other banking expenses relate to surplus or revenue share arrangements whereby, as part of an operating agreement, amounts are due back to either the other party to the operating agreement or the actual clearing customers.

A CDS agreement was signed in April 2014, effective from 1 January 2014. The related profit sharing recognised in 2018 is €3.3 million (2017: €0.2 million).

A revenue share on the listed derivatives segment effective from April 2014 is based on an agreement signed with Euronext in October 2013. This agreement generated a net retrocession fee to Euronext of €27.0 million (2017: €23.9 million).

5. General operating expenses

	Note	**2018 €'m**	2017 €'m Restated
Payroll charges	6	**(38.2)**	(33.3)
External services	7	**(36.3)**	(49.3)
Other taxes		**(2.3)**	(2.6)
Other general operating expenses		**(0.4)**	(1.5)
General operating expenses		**(77.2)**	**(86.7)**

The other general operating expenses include the directors' fees in 2018 (€0.4 m) and net accounting value of asset retirement, which were worth €1.5 million in 2018.

6. Personnel expenses

	2018 €'m	2017 €'m Restated
Salaries	**(22.9)**	(20.5)
Pensions and other payroll charges	**(11.1)**	(9.3)
Profit sharing with employees	**(2.8)**	(2.2)
Payroll taxes	**(1.4)**	(1.2)
Personnel expenses	**(38.2)**	**(33.3)**

In 2018, the total amount recognised as profit-sharing expenses under payroll costs amount to €2.8 million (2017: €2.2 million). The profit sharing is the legal contribution of employees to the prior net income (“Participation”).

At the end of December 2018, the company headcount (permanent employees) was 170 (2017: 177).

7. External services

	2018 €'m	2017 €'m Restated
External staff	**(2.0)**	(3.3)
Other personnel expenses	**(1.0)**	(5.3)
IT costs	**(19.8)**	(26.7)
Property costs	**(3.8)**	(4.2)
Other external services	**(9.8)**	(9.8)
External services	**(36.3)**	**(49.3)**

The overall external services costs have decreased to €36.3 million (2017: €49.3 million) mainly due to Atos contract renegotiation and specific projects occurred in 2017 (cf. Highlights of the year).

The external staff includes temporary staff and contractors, which have decreased by €1.3 million to €2.0 million (2017: €3.3 million) due to large projects occurring in 2017.

The other personnel expenses have decreased by €4.4 million to €1.0 million (2017: €5.3 million) also due to specific projects occurring in 2017 such as MCCP which costs were partially recharged to LCH SA.

IT running costs have decreased by €6.9 million, also linked with the Atos and Unavista contract renegotiation in 2018.

Property costs have slightly decreased by €0.4 million to €3.8 million (2017: €4.2 million).

The other external services have remained stable at €9.8 million.

They comprise the auditors’ fees for the year 2018, which amount to:

- €0.25 million for the statutory accounts shared between BDO France Léger & Associés and Ernst & Young
- €0.12 million for the PCAOB audit shared between BDO France Léger & Associés and Ernst & Young
- €0.04 million for the statutory audit of LCH SA Belgium Branch to Ernst & Young
- €0.06 million for non-audit services (SACC) to Ernst & Young

8. Depreciation, amortisation and provisions

	2018 €'m	2017 €'m Restated
Intangible assets depreciation	**(14.9)**	(14.6)
Tangible assets depreciation	**(0.2)**	(0.2)
Impairment	**-**	-
Depreciation and amortisation	**(15.1)**	**(14.8)**
Net (decrease)/increase of other provisions	**-**	(0.2)
Net (decrease)/increase of provisions for employees	**(0.1)**	(0.1)
Net (decrease)/increase in provisions	**(0.1)**	**(0.3)**
Depreciation, amortisation and provisions	**(15.1)**	**(15.2)**

Intangible assets amortisation has increased in 2018 to €14.9 million (2017: €14.6 million).

Tangible assets amortisation has remained flat in 2018 at €0.2 million (2017: €0.2 million).

The provisions for employee remain stable at €0.1 million in 2018.

9. Extraordinary result

Total extraordinary items are nil in 2018 (2017: €0.1 million).

10. Corporate income tax

A multi-lateral transfer pricing agreement signed by representatives of the French, Belgian, and Dutch tax authorities has been in effect since 1 January 2004 and has been renewed on April 2014 until 31 December 2015.

The request for renewal of this agreement for the next five years has been sent to the tax authorities on 3 July 2015.

This agreement allows the distribution of the earnings that are jointly generated by Banque Centrale de Compensation, which has its registered office in Paris, and by its Dutch and Belgian branches.

LCH SA’s Portuguese branch is not considered as a permanent establishment for Portuguese corporate tax purposes, and its assets and operations are therefore assimilated with those of its parent company, a French tax resident. LCH SA therefore records no corporate tax charge payable to the Portuguese tax authorities.

The standard corporate tax rate is 33.33% in France, 25% in the Netherlands and 29% in Belgium.

Corporate income tax	**(22.5)**	**(19.9)**

11. Cash in Central bank

LCH SA operates directly on the money market, investing the cash arising from its operating cash flow and from the cash collateral received from its clearing members. As of 31 December 2018, the cash was not invested in term repos.

Out of the total treasury accounts of €16,448.8 million (2017: €19,264.6 million), €278.2 million is own cash (2017: €290.2 million). €38.9 million of this amount (2017: €42.3 million) is restricted as the Company's own resources to be used in the default waterfall in case of default.

12. Securities under resale and repurchase agreement

	2018 €'m	2017 €'m Restated

The breakdown of remaining maturity is set as following: €321,163.5 million are due to/from members for less than one month (2017: €263,459.7 million), €47,725.4 million are due to/from members for less than three months (2017: €35,395.8 million), €9,933.0 million are due to/from members for less than six months (2017: €11,385.9 million), €9,817.2 million are due to/from members for less than one year (2017: €2,956.8 million) and €499.8 million are due to/from member for over one year (2017: €200,6 million).

13. Investment Portfolio: Bonds and other fixed income securities

The Company can invest cash in three types of products under its Investment policy : the unsecured deposits at Central bank (see note 11, Cash in Central banks), the secured deposits ie reverse repos and debt securities issued by high rated obligators.

The securities held for the purpose of cash management at 31 December 2018 consisted exclusively of treasury bills issued by the French Governments "OAT". Reverse repos have all matured as of 31st December 2018.

14. Long-term equity investment

	2018 €'m	2017 €'m Restated
SWIFT	**0.5**	0.3
Long-term equity investment	**0.5**	**0.3**

At 31 December 2018, LCH SA owned a €490,277 equity interest in the company SWIFT (2017: €300,470). This interest arose from the systematic attribution of SWIFT shares to LCH SA based on the volume of messages transmitted by LCH to its clearing members via the SWIFT system.

15. Other assets

	2018 €'m	2017 €'m Restated
Initial margin deposited to *Cassa di Compensazione & Garanzia* (CC&G)	**6,850.3**	2,586.5
Interest receivable from initial margin	**17.4**	12.8
Credit hedge receivable	**1.1**	358.5
Member fees receivable	**13.8**	10.4
Amount due from Group companies	**0.9**	0.3
Other receivable	**1.0**	3.6
Other assets	**6,884.6**	**2,972.2**

Initial Margin *Cassa di Compensazione & Garanzia* (CC&G),

LCH SA pays a daily collateral deposit to *Cassa di Compensazione & Garanzia* (CC&G), the Italian clearing house and fellow subsidiary of London Stock Exchange Group plc, to cover positions taken by its clearing members whose counterparties clear through CC&G. Similarly, LCH SA receives collateral deposits from CC&G to cover positions taken by CC&G clearing members trading with LCH SA clearing members.

Interest receivable from initial margin

The margin interest receivable from members have increased to €17.4 million (2017: €12.8 million) in accordance with the increase of cash collateral held ie €17.5 billion in 2018 (€16.2 billion in 2017).

Credit hedge receivable

On CDS market, the credit hedge covers a credit event, which amounts to €1.1 million in 2018 (2017: €358.5 million). This operation is totally mirrored in liabilities – Credit hedge payables in other liabilities for €1.1 million – see note 21.

Member fees receivable

The company's member fees receivables mostly consist of clearing fees debited from clearing members' accounts on the 10th working day of the month following the transaction.

	2018 €'m	2017 €'m Restated
Member fees receivable	**13.8**	10.4
Doubtful accounts	**-**	-
Member fees receivable	**13.8**	**10.4**

As of 31 December 2018, there were no doubtful accounts.

Other receivable

The other receivable have decreased to €1.0 million in 2018 (2017: 3.6 million) mainly due to the transfer of the Time Saving Account to a bank account sitting under the section cash in bank account for €2.5 million.

16. Accounts related to Clearing Operations

	2018 €'m	2017 €'m Restated
Prepayments	**1.3**	0.5
Clearing suspense accounts (assets)	**0.0**	0.0
Clearing settlement accounts (assets)	**756.7**	395.3
Variation margin receivable	**91.1**	67.0
Option premium receivable	**1.9**	3.4
Other accrued income	**-**	1.2
Assets related to clearing operations	**851.1**	**467.4**

	2018 €'m	2017 €'m Restated
Deferred income	**2.6**	3.6
Clearing suspense accounts (liabilities)	**17.4**	2.7
Clearing settlement accounts (liabilities)	**969.3**	745.8
Variation margin payable	**91.1**	67.0
Option premium payable	**1.9**	3.4
Accruals for invoices not received	**11.9**	10.9
Other accruals	**1.8**	0.1
Liabilities related to clearing operations	**1,096.0**	**833.6**

Clearing suspense accounts

The portage positions represents the actual amount that would be endorsed by LCH SA and is the net amount between OTC and cash suspense receivables and payables by entered currency. This can vary depending on the members clearing activity. The clearing portage payable amounts to €17.4 million in 2018 (2017: €2.7 million).

The migration to Oracle Financials enabled the ability to follow the suspense position by counterparty and hence, enabled the ability to de-net the CDS suspense positions in the face of the balance sheet. The clearing suspenses amount to €85.9 million.

Clearing settlement accounts

The clearing pivot receivable amounts to €756.9 million in 2018 (2017: €395.3 million) and the clearing pivot payable amounts to €969.3 million in 2018 (2017: €745.8 million).

Variation margin

This concerns derivatives transactions specifically. Positive variation margins that may be recovered by clearing members are recognised as a liability. Negative variation margins represent amounts receivable by the clearing house and are therefore recorded as an asset under margins receivable from clearing house members.

Margins to be received or paid are calculated and called daily based on each clearing member's position. The margin receivable from or payable to each clearing member corresponds to the difference between the daily settlement value of the clearing member’s position compared with that of the previous day.

The variation margins covering Futures amount to €81.9 million in 2018 (2017: €60.7 million).

The variation margins covering Credit Default Swaps instruments amount to €9.2 million in 2018 (2017: €6.3 million).

Option premium

In addition to margin deposits, clearing house members may be called upon to pay or receive premiums on a daily basis. Premiums correspond to the traded price paid by option buyers to option writers. At the end of each trading day, premiums payable and receivable consist in the net difference between each clearing member's long and short trades.

Payable premiums are recorded as liabilities and receivable premiums are recorded as assets and both amount to €1.9 million (2017: €3.4 million).

Accruals for invoices not received

At the end of 2018, accruals related to payables to suppliers amount to €11.9 million (2017: €10.9 million). The main amounts include CDC Clear Ltd with €3.3 million and Euronext with €2.6 million (2017: €1.6 million); and are related to business fees.

*The Techno Refresh Plan has been requalified from tangible assets to the right of use of assets i.e. intangible assets in progress.

Fixed asset items include both depreciable assets and fixed assets in progress. The latter items include software under development and various tangible assets that have not yet entered service. Once these assets come into use, they start to be depreciated or amortised in accordance with the principles described in section II – accounting principles and valuation methods / fixed assets, amortisation and depreciation.

Impairment testing of intangible assets

In accordance with ANC 2015-06, the Company has performed an analysis on the nature of other intangible assets and confirms that they are only composed of intangible assets; as a consequence, the Company carries out annual impairment testing on intangible assets in December of each year, or more often if circumstances show that impairment may be likely.

Other intangible assets are carried in relation to the acquisition of branches in Amsterdam, Brussels and Porto. The recoverable amount associated with these branches is determined based on value in use calculations.

For intangible assets, impairment is assessed by reviewing the carrying value of the asset against its recoverable amount, which is determined by value in use calculations for the relevant cash generating unit using discounted cash flow projections.

The key assumptions used in the valuations relate to discounted cash flow projections prepared by management covering a five year period. The cash flow projections are based on the Group's budget for 2019 and the approved plan for the two financial years following the last financial year in the budget. Cash flows beyond this period are extrapolated using the estimated long term growth rates and applying the pre-tax discount rates.

Management has based its value in use calculations for each CGU on key assumptions about short and medium term revenue and cost growth, long term economic growth rates (used to determine terminal values) and pre-tax discount rates, as follows:

i) The values assigned to short and medium term revenue and cost growth are based on the 2019 budget and the Group approved plan. The assumptions are derived from an assessment of current trends, anticipated market and regulatory developments, discussions with customers and suppliers and management's experience. These factors are considered in conjunction with the Group's long-term strategic objectives to determine appropriate short and medium growth assumptions

ii) Long term growth rates of 2.8% (2017: 3.7%) represent management's internal forecasts based on external estimates of GDP and inflation

iii) The pre-tax discount rate of 11.3% (2017: 11.1%) is based on a number of factors including the risk-free rate, the Group's estimated market risk premium and a premium to reflect inherent risks

Impairment results

Having completed the tests as described above, self developed software and other intangible assets were not found to be impaired.

Sensitivity analysis

Reasonably possible changes in key assumptions and rates are detailed below and the likely impact on the value in use or impairment noted:

Other non-amortisable intangible assets

Interest payable to Central Bank	**2.6**	2.4
Debts with credit institutions	**748.9**	**119.4**

In order to guarantee the integrity of the operations it processes, LCH SA requires clearing members to make deposits of collateral known as margin calls. The nature of the eligible margin calls, as well as the conditions governing the calls and deposit of these calls are determined by LCH SA. They are split by type of counterparty: credit institutions another financial institutions.

The interest payable to central bank remains stable at €2.6 million in 2018 (2017: €2.4 million).

20. Debts with other financial institutions

	2018 €'m	2017 €'m Restated
Cash call to other financial institutions	**299.9**	5.3
Payables to customer	**299.9**	**5.3**

21. Other liabilities

	2018 €'m	2017 €'m Restated
Initial margin	**17,886.8**	16,576.2
Default fund	**3,916.8**	4,556.0
Interest payable on initial margin	**4.3**	2.7
Credit hedge payable	**1.1**	358.5
Personnel and related payables	**21.9**	24.0
Tax payable	**3.0**	5.8
Trade payable	**3.3**	0.1
Amount due to Group companies	**1.4**	7.5
Other liabilities	**2.1**	3.5
Other liabilities	**21,840.8**	**21,534.0**

Initial margin and default fund

Initial margin may consist of cash, securities or bank guarantees, it being expressly stipulated by LCH SA that these are the only eligible instruments.

Cash collateral appear as liabilities on the balance sheet, while bank guarantees and securities are recognised in the off-balance sheet. Collateral deposits are adjusted daily, giving rise either to a call for additional margin, recorded as an asset under funds receivable from clearing house members, or to a refund, recorded as a liability under funds payable to clearing house members.

Personnel and related payables

Accrued taxes and personnel costs mainly consist of the following provisions:
- Paid holidays: €11.3 million (2017: €11.4 million)
- Employees' profit sharing schemes: €3.3 million (2017: €2.6 million)
- Bonuses: €2.8 million (2017: €6.1 million)
- National Insurance payables: €2.1 million (2017: €1.7 million)
- Other personnel provisions : €2.4 million (2017 : €1.9 million)

Tax payable

The accrued taxes payable are mainly made of:
- Corporate tax payable: €1.1 million (2017: €5.7 million)
- VAT: €0.4 million (2017: €-0.6 million)
- C3S tax: €0.4 million (2017: €0.4 million)

- Other taxes: €1.2 million (2017: €0.5 million)

Trade payables
All trade payables as of 31 December 2018 and 2017 had a maturity of less than 3 months.

22. Provisions

	2018 €'m	2017 €'m Restated	Variation	Dotations	Reprises
Employee benefit provisions					
Compensation for retirement	**4.8**	4.7	0.1	0.1	-
Jubilee award	**1.4**	1.5	(0.0)	-	-
	6.2	**6.2**	**0.1**	**0.1**	**-**
Other operating provisions					
Provisions for operating risks	**0.2**	0.2	-	-	-
Provisions	**6.4**	**6.4**	**0.1**	**-**	**-**

Employee benefit provisions are €6.2 million (2017: €6.2 million); this represents the compensation that the Company would have to pay to employee in case of retirement. The provision is calculated by an external agency on the basis of the following assumptions: an inflation rate of 1.5%, an interest rate at 1.5% and a 2.5% increase in salaries.

Other operating provisions are €0.2 million (2017: €0.2 million) for litigation with a contractor.

23. Shareholders' equity

	2018 €'m	2017 €'m Restated
Share capital	**113.1**	113.1
Legal reserve	**43.9**	43.9
Capital premium	**0.7**	0.7
Retained earnings	**119.7**	119.1

Securities receivable	**321,351.6**	241,103.7
Notional of Credit Default Swap bought	**364,990.9**	202,819.7
Commitments received	**686,342.5**	443,923.4
Securities deliverable	**321,417.2**	241,106.4
Notional of Credit Default Swap sold	**364,990.9**	202,826.3
Commitments given	**686,408.2**	443,932.7

Guarantee received recorded the collateral when some members decided to settle initial margins with guarantees given by a third-party.

Guarantees given to Banque de France represent the Securities deposited at the Central Bank within 3G agreement. This offers the capacity to LCH SA to drawn a credit line in case of liquidity needs. The amount is steady in 2018: €2,224.9 million vs €2,082.6 million in 2017.

Securities receivable and deliverables are Fixed Income transactions which are already traded but not settled yet. The volume has increased significantly €321,351.6 million as of 31 December 2018 (€241,103.7 million in 2017) in correlation of the RepoClear development – see Management Report.

CDS bought represent the notional of credit hedging receivable and CDS sold the notional of credit hedging payable in case of credit event. The volume has largely improved at €364,990.9 million vs €202,819.7 million in 2017.

25. Consolidating company

London Stock Exchange Group plc (LSEG) is the ultimate parent company of the LCH Group, with a total shareholding of 57.78% and is the largest Group that prepares consolidated accounts. The immediate parent company is LCH Group Holdings Limited (formerly LCH Group Holdings Limited) which is the head of the smallest group that prepares consolidated accounts.
